Steps – Adding Stops to Routes

1. Select 'Route' from the 'Setting' drop down menu to access Route Settings.
2. Find the route you want to add stops to and under the Stop List column select the flag.
 - a. You can also use the search bar to find routes.
3. Search and drag your selected stops into the route stop list.
4. Order and reposition stops by click and dropping (Stops save automatically).
5. To remove an incorrect stop, simply click and drag it back to the stop list.
